VITALIS CONSULTING
PROJECT MANAGEMENT

2025 IN REVIEW: SHAPING WHAT COMES NEXT

As we reflect on 2025, Vitalis Consulting looks back on a year defined by progress, ambition, and meaningful impact across Romania's real estate landscape.

Throughout the year, we contributed to the delivery and advancement of landmark projects such as H Stirbei Palace, the Corinthia Hotel, retail developments, as well as a wide range of complex fit-out projects. Our due diligence services continued to support strategic investment decisions, laying the foundation for future developments across multiple sectors. We also expanded our involvement in renewable energy, with wind park projects that reflect our commitment to sustainable growth. Logistics and industrial developments remained a strong focus, with ongoing projects across Romania designed to support modern infrastructure and long-term economic development. In the hospitality sector, we are proud to be working on key international chain hotels in Bucharest and Alba Iulia, others in Satu Mare and Sinaia, contributing to the evolution of both urban and resort destinations.

Residential developments also played an important role in 2025, through collaborations with leading clients such as Hagag and One United Properties, shaping high-quality living environments in Bucharest.

This momentum was recognized at the highest level, as Vitalis Consulting received the *CIJ Award*, the *Romanian Property Award* and *BREC* for our recent performances— most prestigious distinctions in the local real estate industry. As we look ahead, we remain committed to delivering visionary projects that create lasting value for our clients, communities, and the built environment.
